Re: RFP 2025-009: Culvert Replacement Engineering Services

Three bids for culvert replacement engineering services were received on September 22, 2025. Present at the bid opening were Finance Director Dan Colton, Project Administrator Matt Tarnowski, and Office Manager Noreen Thompson. Also present were Anthony Ciriello of SLR International Corporation and Ethan Crumrine of Weston & Sampson Engineers. Bids were solicited for engineering services for two culverts in Southbury due for replacement under the State Local Bridge Program. Bids were limited to firms on the town's on-call engineering list.

Based on the bids received, it is our recommendation that the award be made to SLR International Corporation.

Please see the attached sheet detailing each bid received. If you have any questions please let me know.
