

BUCKS HILL ROAD RECONSTRUCTION
RFP 2026-005
ADDENDUM 1

1. Is there any cleanup done prior to the start of lawn mowing? Meaning sticks, branches debris, etc. Or would that be the contractors responsibility? Also, whose responsibility is that on a continuing basis through out the season?
 - a. The town will handle spring cleanup of the parks. Cleanup throughout the season is the responsibility of the contractor.
2. For Ballentine Park is the contractor responsible for mowing inside the pool area and over to the right of the property? Wondering what the timeframe would need to be for that if so.
 - a. Yes. That area is to be mowed once weekly.
